

Appl. No. 10/776,027  
Amdt. dated Nov. 16, 2004

### REMARKS

The claim amendments presented above cancel the twenty originally filed claims and add twenty new claims. Three of the new claims are independent claims. Consequently, it is believed that additional claim fees have not been generated by this filing.

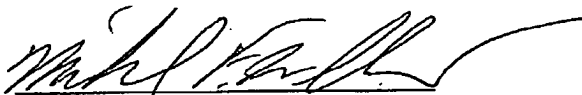

The new claims are related to the subject matter of the originally filed claims. Attention is directed, for example, to original claim 14 (now canceled). The new claims are being offered to provide additional clarity and to more completely claim the invention.

Accordingly, entry and examination of the new claims is respectfully requested.

Respectfully Submitted,
